

Wisdom is a Goddess!

Every woman's body is encoded with Nature's Wisdom, the power of creation. The secret to tapping into YOUR creative genius, and to live with so much more ease & flow, is to let yourself be a CYCLICAL BEING and follow Wisdom's blueprint...

NB: DAY-1 corresponds to your first full day of bleeding (not spotting). If you don't have a menstrual cycle, use the NEW MOON as DAY-1 of your cycle.
